If Economic Return from education is Important, Investigate! Example

"For Americans seeking career advice, experts often point to health care as an occupation ripe with opportunities.
If only the pay were better."

Employment data do, in fact, show the health care industry to be the fastest growing sector in the U.S"

"By 2016, health care had a net 780,000 more workers versus manufacturing in the region, concluded NELP, a labor rights advocacy group."

"Nationwide, 70 percent of hospital service workers make less than $15 an hour, NELP found. In the Midwest, it's 71 percent."

"By contrast, **unionized hospital workers in Seattle,**

New York and Oakland had wages higher than $15" Source
